ABOUT ME

I graduated with bachelor of Information Technology in January 2017 in Iran, where generally focused on Programming, C++, Mathematics, physic, designing algorithms courses. furthermore I participate in many Olympiad competitions and got many awards in Physic, Maths and social courses competitions. I worked as a private teacher in different subjects specially maths and physic, recently I have finished my high school from Denmark. I am a quick learner, positive, social and a supportive team member who works well under pressure. Contributing to the company's goal achievement is what motivates me.
